VISTA SANTA ROSA, PALM SPRINGS

Villa Mirabella is a breathtaking Mediterranean-inspired villa set against the backdrop of a serene private lake in the prestigious Vista Santa Rosa enclave and next to the Empire Polo Club which hosts world-famous music festivals. This luxury villa rental in Palm Springs is a veritable triple-threat, flaunting an exceptional location, aesthetic excellence, and unmatched natural surroundings.

Grandiose interiors showcase influences of European classicism, oriental exoticism, and bohemian rusticism. The uncanny combination dazzles guests in the great room, stately dimensions emphasized with enormous arched, glass sliding walls. Exquisite barrel roll wood-paneled ceilings speak to exceptional craftmanship and precision, meeting the historical intrigue of the focal stone fireplace. Intricate Southeast Asian cabinetry complement the focal straw-colored marble of the fireplace, the tenuous alliance of European elegance and decadent orientalism well balanced throughout. Conceived by renowned designer Narendra Patel, this primary residence presents four ensuite bedrooms, a powder room, a large kitchen, and a circular breakfast room. Patel's extensive use of glass and wood combinations flows seamlessly through the multiple indoor to outdoor spaces, ample rotunda spaces curating spontaneity and guest intermingling. A fantastically autonomous guest home is perched across the lake, assuring utmost lodging versatility and comfort for each of Three Thumb's 18 guests.

The Palm Spring luxury villa rental features an exceptional outdoor living area with ample covered entertainment spaces. These unmatched resort grounds boast a beach entry pool before the tranquility of the lake, a waterfall feature imbuing the outdoors with zen serenity. With its private lake, mini golf course, lush grounds, and serene ambiance, the estate is perfect for kayaking, paddle boarding, or simply unwinding by the water's edge. A true masterpiece of design and luxury, Villa Mirabella is an unparalleled escape where nature, architecture, and indulgence converge seamlessly.
