CORFU

PERAMA

It comes as no surprise how wonderfully rich, radiant, and idyllic the island of Corfu is with its wealth of natural curiosities, be it flora, fauna, or geological formations. Similarly, the island is bursting with authenticity, having a unique amalgam of Hellenic, Roman, Venetian, Byzantine, French, and British influences and folklore meticulously pieced together, displaying the mosaic of Corfu. The capital city, Corfu Town, is arguably the most beautiful city in Greece. Endless rows of vaulted arches, stone columns, and tall buildings epitomize the essential characteristics of the old town. The picturesque maze of narrow, cobblestone streets known as "kantounia" and Venetian stone houses transport you to another era – one of a romanticized past. Synonymous with prestige and beach glamor, discover why Corfu is amongst the Mediterranean's most magical luxury destinations.
