CAYMAN ISLANDS

RUM POINT

Claiming some of the Caribbean's most pristine shorelines, the Caymans' are a genuinely one-of-a-kind beach destination. Far more than just a tax haven, these British overseas territories are lauded for their spectacular biodiversity and pristine natural beauty across three distinct Islands. An uninhabited virgin tropical paradise discovered by Columbus in the 16th century, today, the Caymans' are a cosmopolitan beacon of fine living and tropical Island hedonism. Small and unassuming yet packing a punch, the Caymans' three sister Islands are undoubtedly the pearls of the Greater Antilles, when it comes to natural beauty, unique cultural offerings, and tantalizing cuisine. From business travel to one of the Caribbean's most celebrated five-star Island destinations, the Caymans retain a cachet of exclusivity and prestige on par with Turks & Caicos or St. Barths.
