SHELDON CHALET

DENALI, DENALI

Sheldon Chalet is an astounding Alaska residence perched in the heart of otherworldly natural majesty. The austere beauty of the arctic unfurls before guests in all its awe-inspiring glory before this most unusual luxury chalet. Nestled atop a nunatak, Sheldon peers into the soul of Denali national park, embraced by all of the Don Sheldon Amphitheater. Going far beyond luxury residential living, Sheldon Chalet presents a once-in-a-lifetime opportunity. Undoubtedly the world's most remote luxury property, this home is perched at an astonishing 6000-foot elevation.

As unique as its surroundings are breathtaking, oversized windows embrace the octagonally shaped home. Robust exposed beams branch outward from a rustic central fireplace, plush modern seating arrangements embraced by stunning wrap-around views. The savagely beautiful views are best enjoyed from the cozy warmth of the contemporary interiors, ideal for intimate conversations with loved ones or associates. An extensive spirit collection beckons a sophisticated evening of gastronomic delights on the edge of some of the earth's most majestic mountain panoramas. Between two stories, the chalet offers 2000 sq. ft. of living space, accomodating up to ten guests between five sumptuous bedrooms. Opulent headboards and fur throws create a romantic environment as comfortable as the outdoors are humbling.

A one-of-a-kind experience awaits adventurers at Sheldon chalet. The observatory deck is the launchpad for helicopter adventures and the ultimate venue for the planet's most spellbinding light show, the aurora borealis. Offering a robust recreation and gastronomic itinerary, Sheldon Chalet welcomes every gradient of adventure.

DENALI

Imagine yourself gazing in awe at the magnificent Denali, North America's highest point, majestically piercing through the clouds. The white-capped peaks dazzle under the sun's warm light, bewitching you with its enchanting halo. Known as the roof of North America, Alaska's Denali National Park inspires awe and wonder. Discover the farthest reaches of savage beauty and natural majesty across a whopping six million acres of wilderness bisected by a single road. Reconnect with the eternal pioneer spirit and prepare to be dazzled by the sheer vastness and sublime austerity of the far north. The world's most ambitious adventurers and luxury travelers find no shortage of wonder among boundless taiga forests, high alpine tundra, and jutting snowy peaks. Formerly known as Mount McKinley, Denali soars an astounding 20,310 feet high as Earth's third most prominent and isolated peak. This natural wonder is a testament to humanity's insatiable spirit of exploration, where unspoiled wildlife and otherworldly landscapes promise the most daring escapades.
