# CASA PALAPA

ZONA HOTELERA, TULUM

Casa Palapa is an enchanting seafront residence satiating the ultimate tropical vacation fantasy. Poised between lush rainforests, ethereal white sand beaches, and the majestic turquoise horizon, Casa Palapa offers the ultimate portal into the Yucatan's supernatural beauty. Belonging to the Papaya Playa project, this property offers a unique brand of eco-luxury, with sustainability and harmony with natural and cultural heritage at the forefront of a unique fine living mandate.

The elite beachfront property is grounded by a spectacular centerpiece pavilion perfected in castaway romanticism and barefoot luxury. A stunning network of exposed beams and natural wood pillars make up a gorgeous open-sided living space, perpetually wafted by the fragrant sea breeze. Rustic pendant lanterns cascade from soaring vaulted ceilings casting an enchanting luminescence on gatherings with loved ones. Inside, jungle exoticism meets contemporary chic refinement, with designer furnishings balanced with a delectable organic sensibility. Whitewashed, rounded edge interiors abound with a feeling of artisanal singularity, with earthy palettes coming to expression across dreamy local textiles, tassels, and patterns. A fully equipped kitchen adjoins the dining area, and you can commission a private chef to cook memorable feasts of fresh, locally sourced delicacies. Five fantastic ensuite bedrooms are configured across two floors for maximum guest autonomy and discretion.

Enjoy long days and evenings where the forest meets the sea, steeped in the fresh-water infinity swimming pool, or lounging on daybeds in the surf-scented breeze. Return from the beach in the afternoon and soothe yourself with a sunset dip in the bubbling hot tub while a rooftop terrace high above a sea of tropical canopies offers spellbinding vistas over the Yucatan coast.

# TULUM

ZONA HOTELERA

The laid-back beach town of Tulum has established itself as one of the planet's principal beach destinations and with good reason. Cliffs, ruins, neon water, and white sand all come together in a storybook vision. Visiting in early December or May is a good option, since it's warm and sunny, but crowds are minimal. Gone are the days when Tulum's visitors could expect rustic bungalows without electricity. In less than a decade, the town has remade itself into a very "in" spot frequented by celebrities and socialites. Tulum is now replete with world-class restaurants, high-end boutiques and accommodations. The most ideal way to spend an upscale vacation is in the best villas in Tulum offered by LVH Global.
